## PATCHWORK BASEBALL. BROOKLYNS WIN A POOR EXHIBI-TION FROM THE NEW YORKS.

The Brooklyns managed to defeat the New Tork tailenders yesterday in a game that was poorly played. The Pittsburgs, who are grad-nally strengthening their hold upon second place, shut out the Chicagos. The latter are till tied for third place with the Philadelphias, who were again beaten by the Bostone. The

BROCKLYN, 13; NEW YORK, 7.

One of the smallest crowds of the season at Washington Park saw the Brooklyne win an uninteresting same from the New Yorks yesterday afternoon. Scarcely one thousand persons paid money to get into the grounds and most of them wished they had stayed away before the same was half over. Manager Davis of the New Yorks exercised his authority in the fifth inning when, with the scole tied, he yanked Pitcher Doheny out of the box and substituted an untried semi-professional named Matthewson. Doheny had not been batted hard, but was a trifle wild. As De Montreville stok third base while the pitcher had the ball in his hand Davis concluded that it was the proper moment to remove him. It is understood by the way, that Doheny had a warning before the game that unless he pitched winning before the BROOKLYN, 13; NEW YORK, 7.

gan to pitch the New Yorks fielded like school-boys, so much so that the rumor began to float about that cliques in the team were at work. Even Manager Davis fell all over him-self in his efforts to field drives that were easy and the crowd, thoroughly disgusted, was soon guring the Harlem tailenders. The erratio fielding caused Matthewson to be slightly un-steady, but as the game progressed he pulled hims if together and finished in a way that im-pressed the critics with the fact that he is worth a further trial.

pressed the critics with the fact that he is worth a further trial.

The Champions presented a strangely made-up team. It was said that Keeler was ill and that Jennings was suffering from a lame hand. So Manager Hanlon put Tom Daley on first base and assigned Sheckard to right field. The Brooklyns proceeded to play indifferent ball and appeared to be booked for another defeat when the New Yorks went to pleces. Enough errors were made by the Superbas to make their friends suffer from that tired feeling, and when they finally forged ahead chiefly because of errors and wild pitching there was a surprising lack of enthusiasm. McGinnity did not over-ever thimself in view of his reaged support, and in the last inning he simply tossed updswdrops which were easy for Van Haltren and Smith to hammer for doubles, producing a sift run.

and Smith to namine a gift run.

There were a few growls at Umpire Swartwood, but there was no such disgraceful exhibition as marked the game at the Polo Grounds on Monday. Possibly the oppressive heat had something to do with the lazy play, but whether it did or not the fact remains that the game was one of the most uninteresting of the year.

NEWS OF THE WHEELMEN.

Ill Feeling Crops Out Between Women Record

kind began to develop during the high tem-perature of yesterday between Mrs. Jane Lindsay and Mrs. Emma R. Bayne, who are both trying record rides over Long Island roads. Both are dependent upon volunteers of the Century Road Club to help them in their re-spective tasks by acting as pacemakers. Mrs. of them, while Mrs. Bayne is out for a trial at making a new record for singles, doubles and other mulitples with the object of doing forty-five centuries in the thirty days. The and there were not enough to go around. Those who went out to the Valley Stream headquarters offered their services to Mrs. Lind-say, and this left Mrs. Bayne with only S. L. Stewart and Will Brown to rely upon. Stewart was well worn out and Brown was detained because of Miss Gast being ill, so Mrs. because of Miss Gast being ill, so Mrs. Bayne had to do considerable of her riding unpaced. She decided not to ride over the same course with Mrs. Lindsay, and took to the Massapequa-Hicksville-Jamaica course. Mrs. Bayne started yesterday morning on her thirteenth century, and declared that she would ride a "triple," or, in other words, complete her thirteenth, fourteenth and fifteenth in continuous century fashion. She finished 1,300 miles at 4 o'clock yesterday afternoon, and started off again after a rest of half an hour on her fourteenth century.

Mrs. Lindsay, who started at 6 o'clock on Monday morning, finished her second century shortly after 10 o'clock on Monday night, and her third century at 6:15 o'clock yesterday morning, which made 300 miles in 24 hours and 15 minutes. She completed her fourth century at 5:34 o'clock in the afternoon, the total time for the 400 miles being 35 hours and 34 minutes, which is considerably better than the record of Miss Gast for that distance. Mrs. Bayne's condition began to improve on Sunday, after a week of hard riding, and yesterday when weighed she showed a gain of 1 pound and 7 ounces. Mrs. Lindsay has not yet reached the crucial point and is now losing weight.

losing weight.

At a meeting of the Associated Cycling Clubs of Long Island Monday night it was announced by George Anderson of the Race Committee that the twenty-five-mile race over the cycle paths will be run exactly as it was last year, starting on the path at Caton place, turning at the Neck road and finishing at Caton place on the main driveway of the Coney Island Boulevard. The entry blanks are out and because the initial race of last year was free from the accidents that were apprehended, a big entry list is considered almost certain. William Collins of the Greater New York Wheelmen was appointed chairman of the Social Intercourse Committee, vice Robert W. Dye resigned. The poor condition of the crossing at Pennsylvania avenue and Fulton street, where the forks of wheels have broken more than once and the riders been taken to the hospital, was referred to a committee with instructions to appeal to Park Commissioner Brower. Another matter brought to the attention of the same official is the condition of the rest at the southern end of Prospect Park. A member in speaking of this said that he had each four wheels broken at this place in a short time on last Sunday.

Cooper, McFarland and Stevens, who are to represent this country at Paris, have thus far been unable to secure passage for July 25 and it looks as if they would have to wait until Aug. 1 before starting. As the championships begin on Aug. 11 this will leave them no time to react and train on the other side.

NOTES Sedgwick avenue, from Macomb's Dam Bridge to Kingsbridge, is in poor condition. Westchester avenue is now better than it has been for a long time, The Jefferson Wheelmen of New York have organized a pedestrian club on lines similar to the Fresh Air Club of the late W. B. Curtia. On last Sunday Fred Ballosa. Louis Bauer, George Lins, Fred Fischel and Albert Fahner left the clubbouse at 6:30 o dock in the morning and arrived at Coney Island at 10:32 o 'clock. The "peds," as they are called, will attend some of the club runs on foot, taking the handicap of an early start.

A Draw Between Haverford and the Charter

house School Team. GODALMINO, England, July 17 .- The Haverford College cricket team was opposed here today by Charterhouse School. The result was a draw, with Haverford having four wickets in hand and needing eighty-one runs to win when play ceased for the day. The Americans were again unlucky with the toss and the Charterhouse boys got the advantage of batting first on a hard and fast wicket. They ran up a score exceeding the second century before they were all disposed of. J. M. Hulton and B. E. G. Eddis made a splendid stand for the second wicket of the home team and before they were separated they had brought up the century. Hulton especially played vigorous cricket for 53, while Eddis added 39. J. Gardner also batted well, but with the exception of J. Norris, who hit hard for 26, not out, the other men gave little trouble, and the innings came to an approximate the fitteenth hole for the pair and they also took the next by the aid of Rossiter's 4. Travis won the last hole in 4, which is a stroke better than bogey.

There was not sufficient time for Haverford to score the runs necessary to win and it was decided to play for a draw. Slow and careful batting resulted, but only for the patient work of F. C. Sharpless the result might have been different. Justice, Patton and Allen, the three batsmen from whom most was expected, failed with the willow, but Sharpless, Mifflin, Carter and Hinchman showed to advantage. The visitors will play Halleybury to-morrow. The score to-day:

Lawrence ville's New Gymnasium.

PRINCETON, July 17.—Lawrenceville is to have a handsome new gymnasium in the near future The building will cost \$50,000. The Board of Directors has placed the matter in the hands of several architects who are bidding for the work. As soon as the plans are submitted and decided upon the contract will be awarded. The ground will be broken in the near future. The building will be completed by next spring. The directors have visited the gymnasiums of Yale, Harvard, Columbia and many other universities and it is their intention to make the Lawrence-ville "gym" one of the finest of its kind in the country. It will be fitted with all the modern appliances, including baths, a running track, bowling alleys, dressing rooms and such other appliances as go to make an up-to-date gymnasium. The athletic teams of Lawrenceville have been greatly handleapped during past years owing to the lack of a gymnasium in which to prepare themselves for work on the field. When the new building is completed the directors think that the athletic standard of the school will be greatly elevated and it will be instrumental in improving the health of the students. will be broken in the near future. OARSMEN HERE FOR BIG REGATTA. Many More Crews Take Trial Spins Over the Speedway Course.

Several more crews arrived here yesterday and took up their quarters at different boathouses along the Harlem, for a few spins over the new speedway course preparatory to the National Regatta which begins to-morrow. The Vesper Boat Club came on in advance of the general Philadelphia contingent and in spite of the heat Juvenal, the crack sculler, was out on the water early. Shortly before 5 o'clock Exley and De Baecke, the Vesper pairoared crew went out, and at this time the river was crowded with single shells and other racing craft. Among the scullers who went over the course for the first time yesterday were Marsh, the Canadian champion, who will compete in the association singles wearing the colors of the Don Rowing Club of Toronto; F. Demourelli of the Young Man's Gymnastic Club of New Orleans and J. B. Nial of the Laureate B. C. of Troy, who will try for the intermediate singles and F. J. Greer, Jeffries Point Rowing Club of Boston.

The Laureate B. C. international double, A. D. Betts and J. J. Quillman, also arrived yesterday. The Jeffries Point four-oared crew made its headquarters at the Nonparell and went out for a trial spin in the cool of the evening, rowing as follows: F. J. Greer, bow: F. B. Greer, 2: E. J. Greer, 3: E. J. Brown, stroke.

VOTER IN RECORD TRIM. HE ECLIPSES THE WORLD'S PIGURES

FOR A MILE AT BRIGHTON.

Their Leading Jockey, Spencer-Banger Wins at His Favorite Distance-Lew Kraft Trims the Kentuckian in a Drive. The breezy enclosure of the Brighton Beach able spot in Greater New York yesterday. Elevated and trolley routes brought a sweltering crowd of 5,000 who were agreeably surprised to find a temperature that made brisk transit pleasure, and a breeze that swept away all symptoms of humidity. With such bracing environment it was scarcely surprising to find the talent in exceptional form. Favorites right. It was a gala day for the Keenes and their star jockey, Spencer. The latter brought

The only stake feature of the day was the Test Handicap, and it threatened to fall flat, as only four horses accepted. But to the surprise of everybody it developed into the race of the year and furnished a world's record that will take a lot of beating. Relying on the superstition that Voter cannot stay a mile in fast company, the bookmakers chalked up the liberal odds of 7 to 5 against him, but quickly rubbed to even money. The others were also held in respect, the best prices obtainable being Decanter 7 to 2, Jack Point 4 to 1 and Firearm 6 to 1. Voter rushed past-Jack Point at flagfall and at once opened a gap, with Firearm next, Decanter third and Jack Point trailing. Voter mowed down track records right along the line and reached the six-furlong mark one-fifth of a second inside of his own world's record made on July 6.

The big son of Friar's Balsam kept right on at the same clip, but the order behind him changed in the stretch as Firearm curied up and Decanter set sall for the flying leader with a sustained burst of speed that astounded onlockers. Spencer saw the danger and urged his mount to further effort. Voter was done to a turn and it took all the "Iceman's" science to get him home by a neck. Decanter beat Jack Point three lengths while Firearm wound up last. The fractional times were:

One furlong, 0:12 3-5: quarter, 0:24; three furlongs, 0:35 2-4 helf (0:47 1-5; fire furlongs, 0:55 1-4 helf, 0:47 1-5; fire furlongs,

The Keene stable started the ball rolling with the Domino three-year-old Unmarked, who proved to be a worthy odds-on investment. There was no advance on his entered selling price of \$1,000, but J. Rosenthal & Co. took Carbuncie away from T. J. Healey under the conditions. Outlander was plunged on to emulate the triumph of his stable mate, Unmarked, and he succeeded, but only after a desperate head finish with the second choice, Margraviate.

The third race, which was at the unusual distance of one mile and a half, led to some diversified speculation, although there were only four runners. Handouff closed a slight favorite over Bangor, but the latter outstayed the Hanover horse and won out by a head, tying the track record for the distance made last year. Autolight, a new two-year-old from the Featherstone stables, upset calculations in the fifth race and won by three parts of a length from the outsider, All Saints, who beat the favorite, Albula, a neck. The day wound up with a sensational brush between two frvorites, in which Lew Kraft came along from i.e. rear and beat the Kentuckian a neck on the post, Summary:

RESULTS ON OTHER TRACES.

CHICAGO, July 17.—There were seven races on the washington Park card to-day and only one favorite was successful. It was a day of surprises for the general public, but the winners were in nearly every case, well-played by wiss people. The change in the track was, perhaps, responsible for the form reversals, as a heavy rain made the track soft and slow. The Drezel Stakes, 31,500 added, was the feature race of the day. This event was won by John Yerkea, the outsider in the betting, who carried 110 pounds. He defeated Sidney Lucas, 127 pounds, cashly—in fact, he won from end to end. Lucas ran another good race, but the distance was too short for him with such weight up. Summary.

ST. Louis, July 17.—Rain all night and morning made the going sloppy, the track being a sea of mud. Lowering skies and cold, damp weather, kept all but the regular patrons from the races, mudiarks carrying all the money. The fourth was the event of the day and was won by a second choice, the favorite, Forget Not, coming in last, being worn out by repeated bad starts. Summaries:

at Rochester.

ROCHESTER, July 17.—A good crowd witnessed the opening of the Circuit races at Criticaden Park this afternoon. Ashwood, the "guideless wonder," paced a mile in 2:23½. A serious accident was narrowly averted in the third heat of the 2:40 trot. Lebar's aulky locked wheels with that of Sunola Bird, and the vehicles swerved back and forth in mid-air for several seconds, finally landing safely on terra firms. The crowd cheered wildly. This heat also resulted in one of the worst exhibitions of racing ever seen, and all three drivers were apparently in the combination. The judges wanted to declare it no heat, although Albertina had finished first, but Starter Ackerman said they could not do that. The declaion was withheld until the end of the next heat, when two judges awarded the heat to Sunola Bird, and no time was chalked up. The best any one of the horses did in the heat was to go the mile in 2:30, and there was a roar of indignation as one by one each animal broke and almost stood still on the track. In the running race Liberator jumped the fence and gave the crowd heart failure. His rider refused to mount him aga.h. and a substitute was procured. New drivers were brought out in the fourth best of the 2:40 class and an honest contest was the result. Rain and darkness came on before the card was finished. Summary: at Rochester.

Doctor L. Changes His Gatt From Pacing to Trotting. NASHUA, July 17.—About twelve hundred persons attended the races at the Nashua Driving Park this afternoon. The weather was fair, but the track was a trifie aandy and slow, owing to lack of rain. In the 2:10 class the favorite, William L. was beaten by Gagnaunt and the talent received a bad set back. The favorites in the other two classes won. In the 2:32 class Doctor L., owned by John Cole of Gloveraville, N. Y., made his début as a trotter. Last year he competed as a pacer and gained a record of 2:1214. Summaries:

PATERSON, July 17.—The Gentiemen's Driving Association of Passale county had a meeting at Dundee track to-day. The oppressive heat took the spirit out of the contests. Three horses were overcome by heat and had to be withdrawn. No time was taken on the heats. They said it was a gentiemen's meeting, and they did not want to do anything to spoil the records of the horses. The results:

Pilot Medium, Jr., Paces Fast to a Road Car OLD ORCHARD, July 17.—The sensational feature of to-day's harbess racing was the performance of Pilot Medium, Jr., a stallion owned at Arlington, Ind. He has been such a poor actor that in the last two years he has done very little money winning. In the betting ring to-day he soid at \$3 in a pool that would bring, holders of his tickets \$165 apiece in case he won. In the first heat of the 2:14 pace he kicked his sulky to pieces and finished in the rar tier. His driver then hitched him to a road cart and in that rig the horse won the next two heats, each in 2:09%, a new road cart record for Maine. The race was unfinished at sunset. Summaries:

Decanter's performance behind Voter yesterday was a revelation to those who figured him outside the 1:40 class. Jockey Henry is missed from the saddle these days, but he will be up again shortly, as he is only "doing five" for disobedience at the post last Saturday. W. L. Oliver yesterday bought a yearling by Prince of Monaco-Trinity from the Criterion Stable for \$1,500. The same colt changed hands at one of the recent sales for \$500. The effort of R. Young's Dr. Parker looked so bad when he finished last in a field of fifteen runners in the sixth race on Monday that his entry will not be accepted until he is prepared to turn out in racing condition.

GLENS FALLS, July 17.—W. F. Bentley of this city has sold his pacing mare Miss Meander, 2:16½, by Meander, to a New York city man for \$1,000. She will remain here until after the big circuit meeting, in which she is entered to compete. Some disappointment was felt on Monday at Brighton when the pencil was drawn through the name of Gibraltar. The official explanation is that there are arrears of forfeits and so forth, which must be cleared up before the old campaigner can start. Outside of Spencer's remarkable percentage of four wins out of four mounts yesterday, the riding record at Brighton Beach was: McCue, one first, one second and one third; Wedderstrand, one first and one third; Maher, two seconds and two thirds; Dangman, M. Daly and Clawson, one second each; Rutter and Richards, one third each.

The starter's bleat hist of hands here here.

Richards, one third each.

The starter's black list of barrier breakers is growing small by degrees. On Monday David Garrick, Autumn and Armor passed their morning examination, and since then Elleen Daly and Dan Rice have received tickets of leave. Those still ineligible to compete without the starter's sanction are Yoloco, Her Ladyship, Merlin and Maximo Gomez. Her Ladyship, Merlin and Maximo Gomez.

Long Branch, July 17.—Entries for the seventh annual exhibition of the Monmouth County Horse Show Association, to be held in Hollywood Park on July 26, 27 and;25, closed to-night with an increase of 100 over the number of entries received last year. The total number of entries made for the fifty classes is 401. Over \$5,000 will be distributed in prise money, and all indications point to a red-letter show.

Rare Perfume was back in the Underwood stable yesterday, to the great delight of his owners and followers. Both L. Waterbury and W. C. Daly had "claimed" the horse out of the last selling race on Saturday. The former withdrew in favor of Daly on Monday, and the Hartford Sage reso d Rare Perfume to his original owners at a nominal advance. A Sheriff's attachment figured in the case, but that was disposed of satisfactority.
